## **D & I Aluminum Can Lubes**

(Neat Cupping Lubricant CL100 Series & Bodymaker Coolant DF 50)

### **Product Data Sheet**

#### Product Description:

**Neat Cupping Lubricant CL100** is one of our premier Neat cupping lubricants specially engineered to provide excellent lubricity for high speed press operations. It is particularly compatible with all wall ironing coolants. CL100 assists body maker coolants down line with improved tramp oil rejection characteristics.

#### Outstanding Qualities:

1. Best cup quality
2. Superior tooling life
3. no tool corrosion nor cobalt leaching
4. Demonstrable, low tear-off rate
5. Increased Productivity
6. Brighter cans, lower cleaner cost

#### Product Description:

**Bodymaker Coolant DF50** is a superior, easy wash coolant specifically engineered to run in high speed Bodymaker manufacturing aluminum cans. United DF50 provides a balanced detergency and enhanced wetting characteristics keeping the tooling and machines very clean. United DF50 rejects tramp oil while performing in a bio stable mode without biocides.

#### Outstanding Qualities:

7. Best cup quality
8. Superior tooling life
9. no tool corrosion nor cobalt leaching
10. Demonstrable, low tear-off rate
11. Increased Productivity
12. Brighter cans, lower cleaner cost

*Supplying Quality Industrial Lubricants to the Metals Industry since 1906*
